**Chiefs Report:**

All Trustees received a copy of the alarm report.

All Trustees received a copy of the inspection report along with the list of completed inspections for this month.

In your packets I included a copy of Committee appointments; there should have been two different copies. The second copy never made it in the packets. I passed out the second copy prior to the meeting for your review depending on who the new Trustee is.

I emailed everybody a copy of the Harwood Heights resolution on the TIF study. I sent it to our attorney today for his review. I will keep everybody posted as to the progress. I have emailed Mayor Jezierny and asked her to address any TIF information to the Board of Trustees.

The final numbers are in for the FLEX insurance account. We saved \$44,000 by using the increased deductible policy. This is for the 11 month period due to the date of renewal change.

We had to do a brake job on Engine #101 which is a 1996. These were the original brakes and we were having problems. The cost was approximately \$8,000, this is the Engine that we will be selling when we receive the new one but we need it for the next year.

The Pierce salesman will be here on Monday to go over a few things before we get started specking the new apparatus. We will get as much information as possible and report it to the equipment committee.

The testing is completed for the new candidates. The list will be posted tomorrow and will be good for two years. The scores were incredible ranging from #1 at 102.67 to #18 at 90.92

Yesterday due to the storm we had several calls with wires down. There were live arching wires on top of two cars behind the show. We were forced to watch them burn while we waited for Edison. We tried using a lob technique but it became too dangerous and we had to retreat.

A motion was made by Trustee Jarosz and seconded by Trustee Szczurek to accept the Chiefs report as presented for June 2011.
